

Eris reported 1Q23 earnings per share NT\$1.7

TAIPEI, TAIWAN (April 19, 2023) Eris Tech. (3675 TW) The board of directors approved today that the consolidated revenue in 1Q23 for NT\$433,184 thousands, Gross Margin is 35.2%, Operating Margin is 17.7%, and Pre-tax net margin and After-tax net margin are 16.4% and 17.4%, respectively. The after-tax earning per shares was NT\$1.7, which was slightly better than the company's expectation.

The company's quarterly report for the first quarter has been released. Although the revenue has declined compared to the same period last year, the company's operating gross profit margin and operating profit margin are slightly better than the company's original expectations. The difference is mainly due to product mix; sales growth such as automotive electronics and industrial control, etc. Pushing up the gross profit contribution; and the company's operation and management efficiency has improved the company's operating profit margin.
